If I were a mayor I would build a Golden Coral in the space where the old Sheets' was because Taneytown has alot of fast-food places but this is mixed! Golden Coral is a great food place!

A Goldon Coral has some healthy food like Salads, fruit and vegtables and maybe some Sweets! My favorite thing in that resteraunt is the... The Chocolate fOUTAin!!!! I love Chocolate So much!

The reason I want a golden-Coral is because I know the food is not good in the other resteraunts but I realy want a buffae in TaneyTown instead of going into westminister or hanover I Could Come right into Town. I love golden Corals and I want one in the taneytown area. thank you very much!
